## ORPHAN CHILDREN WANT HOMES FOR THANKSGIVING.

At the Tennessee Children's Home in Nashville there are sixteen small babies and twenty-boys and girls from one to nine years of age who, through no fault of their own and under circumstances over which they have no control are being denied the privilege of a home, a father and the most priceless boon in any child's life — a mother. These children need and should have the protecting influence of a happy normal home-life. They crave a home, a real papa and mama, a real Thanksgiving and Christmas all their own.

This has been a year of remarkable prosperity and there are countless homes in the State where one or two of these children could easily and well be cared for, homes which would be far happier because of the presence of healthy, happy, normal children.

Will not those who are willing to share what they have with an orphan child, communicate with us. Address;

## STUDENTS ENJOY MOUNTAIN TRIP.

Beres, Kentucky.

Nov. 9 1919.

Dear Sentinel:

I will tell you about a trip into the mountains, and the good time sever of us Tennessee boys had on November 7th and 8th.

According to custom, we first got permission from our Dean, to go, and permission to use the Rock House, which is a large room back in a bluff. At 4:35

Saturday evening three of us went ahead to prepare supper and get wood, the others followed at 8:30, after going to a social. The distance is about 4 miles, and two of them up and down mountains. It was a hard and difficult trail but after a good supper and short rest, we began our fun by climbing the highest peak near us and giving three long and tremendous yells for Tennessee.

Sleep was not mentioned during the night. Only one fell asleep and when he awoke, his face was so black he decided to stay awake the balance of the night. We played games, told stories, built the future and cooked and and eat all night. When daylight came we started out to visit some historical points of interest, among them were: East Penicle, a high rock overlooking a noted battlefield of the civil war. From here we could see places 50 miles away. After making several pictures at this place we started our journey homeward, making pictures at various other points along the way. At 12:30 we arrived at west pinicle, where D Boone first saw the blue grass. After difficult climbing we succeeded in getting on top with our packs. We eat our last meal here and gazed on scenery that seemed impossible to be real true.

After a long rest we started once more on our homeward bound trip, arriving at our dormitories at 3:30 all tired and hot after an event worth remembering through life.

The party was composed of the following:

Wisdom Bilbrey, Monterey, Alfred McDonal, Livingston, Alvis Johnson, Comer Johnson, Joe Morgan, Austin Lynn, Gainesboro, and Robert Harrison, Byrdstown.
